

## Letter from Key Stage Three Leader

February 2022

Dear Students,

Congratulations on your success in gaining a place at our school. It must be reassuring to know that your talents have been recognised and that all of your hard work has been worthwhile.

As Assistant Head Teacher with responsibility for Key Stage Three, my role in the school is to lead our team of one Year Leader and six Year 7 Form Tutors. Our main aim in the first term of Year 7 is to ensure that you settle into your new school life at Wallington as smoothly as possible. The first term is always the most challenging, but I am sure that you will quickly feel at home.

The transition from primary to secondary school is a very exciting chapter in your life. Your school career at Wallington will offer many academic challenges. You will be able to participate in extra-curricular activities and of course, you will have the opportunity to make new friends.

There will hopefully be chances to meet with other new intake students and the staff before September and I look forward to seeing you at these induction events.

With regards,

**Mr D Jones**  
Assistant Head Teacher  
Wallington County Grammar School
