Welcome to WCGS

‘Per Ardua ad Summa’

‘Through difficulties to the heights’

Welcome to Wallington County Grammar School, one of the greatest schools in the country. What makes us great is that, at our core, we care very deeply about our students. We are renowned for the quality of our pastoral work, warmly supporting our pupils to become happy, confident individuals equipped with the qualifications, skills and attributes to succeed in life. As a boys selective school founded in 1927 that welcomes girls into the Sixth Form, we blend the best of tradition with innovation to engage, inspire and impassion our students to be the very best they can be.

This approach enables our students to make progress within the top few percent of all secondary schools in the country at GCSE and go on to gain places at the world’s top universities. Our success is born from our core values of commitment, compassion, courage and creativity, from recognising that it is hard to succeed but that any challenge can be met and any failure learned from.

Above all, we celebrate our incredible students through a culture of praise and recognition to make sure they leave us with the conviction that they can achieve anything they put their minds to.
